

Tuskegee University  
College of Veterinary Medicine

semester of his/her study in the IDPB, PhD program, the student and his/her Major  
 an Advisory Committee consisting of a minimum of four members including the Major  
 Advisory Committee shall also serve as the Examination Committee.

**Advisory:**

Advisory for students who are enrolled in the PhD in Interdisciplinary Pathobiology, include

of all course work required for the PhD program (more than 30 credits for the students  
 with a MS degree, or 60 credits for those starting with a BS degree).

written qualifying examination.

Oral presentation of research proposed to the Advisory Committee. Students who fail  
 the oral examination after two attempts may apply for a master's degree in any of the  
 programs at Tuskegee University. In such cases, the student will have to meet the oral  
 requirements of the master's degree Graduate Program.

The PhD in Interdisciplinary Pathobiology must present two seminars. This course  
 covers examples of proper conduct of research, issues with copyright violation, plagiarism,  
 published work among other academic requirements including discussions on basic  
 and a review of current research topics. Oral presentations are required.

As listed in the university calendar for final copies to be submitted during the semester in  
 which the student expects to graduate. The student must present to the Dean of Graduate Programs a  
 letter of approval from the Major Professor before the final oral  
 examination is scheduled and before copies of the thesis/dissertation are distributed to members of  
 the Advisory Committee.

The student must present to the Dean of Graduate  
 Programs a letter of approval before the final examination is scheduled and before the final draft of the thesis/dissertation is  
 submitted for approval. Approval of the thesis/dissertation in its final form rests with the Examining

**Curriculum for the IDPB, PhD Program**
